

**REMARKS**

By the present amendment, applicant has amended claims 1, 31 and 32, in response to the Notice of Allowance, dated March 29, 2004. After the present amendment, claims 1-4, 6-20 and 22-34 are pending in the application. Applicant respectfully requests that the above amendments be considered and entered by the Examiner.

Applicant respectfully submits that claim 1 has been amended to delete "circuitry implementing" immediately before "a Snap mode of operation". It is respectfully submitted that in light of the Office Action, dated February 17, 2004, claim 1, as amended, should be allowed.

Further, applicant has amended claims 31 and 32 to delete the words "multi-mode" and "circuitry implementing" immediately before "a Snap mode of operation", because the controller controls at least one of a high-light mode of operation and a Snap mode of operation. It is respectfully submitted that in light of the Office Action, dated February 17, 2004, claims 31 and 32, as amended, should be also allowed.

Applicant appreciates the Examiner's time for the discussion on March 31, 2004 between the Examiner and the undersigned regarding this amendment. Applicant invites the Examiner to contact the undersigned if there are any questions.

Respectfully Submitted;  
FARJAMI & FARJAMI LLP
